HARDING REJECTS SOVIET PROPOSAL

Certain Steps Necessary Before Trade Relations Resumed

NAMES 4 CONDITIONS

Bolsheviki Informed When Stipulations Are Met by U. S.—Will Entertain Plea

Washington, March 26.—The Harding Administration has rejected the proposal of the soviet government of Russia that negotiations be entered into through a mission to be despatched to this country for a resumption of trade relations between the two countries.

Announcement to this effect was made by the Secretary of State Chas. E. Hughes following a two-hour discussion of an Administration Russian policy by the Cabinet. The Hughes statement has been cabled to the American Consul at Reval, to be delivered to M. Litvinoff through whom the soviet delivered the original proposal to this Government.

Sufficient evidence of Russia's regeneration has not been received by this Government to justify any change from the general policy of the Wilson Administration toward the Bolshevik regime. Mr. Hughes very candidly says as much to the Russian people and to the world.

But the Secretary has not closed the door in the face of Russia. He invites that nation to put its house in order, and when this is accomplished America will be ready to talk business with it. Until evidence of this is received, however, the United States "is unable to perceive any proper basis for considering trade relations.

This Government moreover does more than deal in generalities. It lays down four concrete conditions which must be met before America is willing to resume trade relations with Russia. There must be safety of life, first; there must be sanctity of contract, second; firm guarantees of private property next; and the right of free labor, finally.

At the outset Mr. Hughes insists that there is no assurance for the development of trade between the two countries. Russia would be unable to get all the supplies she needs in America or elsewhere as "long as the present causes of progressive productivity of Russia continue to operate." Russia must begin to produce before her people can stand alone again and production can not be assured until the four conditions just outlined are met.

It is apparent from today's developments that there is no broad difference of opinion between Mr. Hughes and Secretary Hoover regarding Russia. The Harding Cabinet has not split on a Russian policy, as had been suggested in many quarters a few days ago. The Hughes statement of today and the Hoover statement of four days ago dealing with Russia are in substantial accord.

Nor has the Harding Administration found it desirable at this stage to depart from the Russian policy of the Wilson Administration, except perhaps to go a little further than Mr. Wilson and Mr. Colby went. The former President laid down the general proposition that Russia must establish a government that would observe the sanctity of treaties, would be representative of the great mass of the Russian people and would cease all efforts to destroy orderly governments of other nations.

President Harding, through his Secretary of State, says nothing about Russia's foreign responsibilities or international conduct, but insists that she abandon the fundamental principles of communism by recognizing private property, the sanctity of contracts and the rights of free labor.

If these vastly important changes are made in the form of Russia's domestic government and convincing evidence of the change is received by America, then the American Government will negotiate with Russia for a trade agreement. Until those changes are made, however, it will be a waste of time to send a mission to this country.

OLIVET TO CALVARY BY CHURCH CHOIR

Capacity Congregation at M. E. Church South Last Night

IS WELL RENDERED

Special Soloists Help Augmented Choir in Rendition of Oratorio—Edgar Priest Presides at Organ

Alexandria's reputation as a musical center has again been thoroughly vindicated. "From Olivet to Calvary" rendered by the choir of the Methodist Episcopal Church South, last evening was one of the most delightful musical programs ever heard in the city. A capacity congregation attended.

Kenneth W. Ogden, director of the choir, demonstrated that he can successfully train a choir and produce a program with an enviable result from solo to chorus. And it is perhaps only fair to say that the faithful and persistent work of Mrs. George E. Warfield, for many years with the choir, was evident in its splendid work last night.

The playing of Edgar Priest, organist of Washington Cathedral, was perhaps one of the most delightful parts of the evenings program, and added materially to the splendid effect throughout. Mr. Priest accompanied the entire oratorio and in addition during the offertory rendered Chopin's "Funeral March," in inimitable style.

The soloists were Mrs. Harrie White, soprano; Kenneth W. Ogden, tenor, and Wilmer J. Waller, baritone. Mrs. White was entrusted with not only the responsibility of leading the greatly augmented choir, but also some of the most difficult solo parts, which she handled with characteristic ease.

Mr. Ogden and Mr. Waller shared about equally the recitatives which were most beautiful but also difficult and required unusual interpretation. They are perhaps the most popular male voices in the city and it was not difficult to discover the reason last night.

Class Initiation

Second And Third Degrees Conferred on 27 Candidates

One of the largest gatherings of Odd Fellows that ever attended a meeting of Potomac Lodge No. 38, I. O. O. F., was present last night when twenty-seven candidates received the second and third degrees of the order.

Thirteen of the candidates were from Leesburg Lodge and fourteen were from Potomac Lodge of this city. The degree work was put on by the team of Potomac Lodge. Following the work there was a smoker. A large crowd from Leesburg attended.

To Go Egg Rolling

Weather conditions permitting hundreds of youngsters will go egg rolling at George Washington Park Monday. It is expected that the hill will be dotted with younger folks, many of whom will be accompanied by their parents.

Real eggs dyed in every color of the rainbow, candy eggs, rabbits, and a host of goodies for Easter have been prepared for the little ones and they will carry them along to the park in their bright colored Easter baskets. Many from here also have planned to go egg rolling at the White House lawn.

SPEED REGULATIONS THROWN TO WINDS

Fire Apparatus and Private Machines In Mad Race

NO ONE KILLED

Citizens Loud in Their Denunciation of Such Recklessness—Mayor Takes Action to Curb Speeders.

Efforts today are being made it is understood to ascertain the name of the party guilty of turning in a false alarm of fire last night. The alarm, according to well founded reports was received at one of the engine houses, and did not come through police headquarters as is supposed to be the custom.

The fire apparatus made a great speed trip on King street and was followed by many automobilists, all speed regulations being thrown to the winds.

King street at the time was thronged with thousands of persons, many returning from church services and other affairs.

Men, women and children on the sidewalks stood spellbound at the terrific speed made not only by the fire apparatus but also by many of the automobiles following in their wake. The street at the time the alarm was sounded was also filled with automobilists.

To begin with, one piece of apparatus made a mad dash down King street, it being explained that the alarm was up to effect that the fire was at the foot of King street. However, the majority of the apparatus cut loose and went uptown. The apparatus that had gone down town then went up town following the others.

After all had gone up town as far as the 1600 block King, the engines raced at breakneck speed down the street. The engines went to the foot of King street, followed by automobiles in great fleets, all going close to the limit.

Persons on the streets remarked that if anything had gone wrong with the engines of any of the fire apparatus or private automobiles, several persons undoubtedly would have been killed. That some were not killed or injured last night, is regarded as nothing short of miraculous.

Efforts to curb reckless driving of fire apparatus and private automobiles while going to fires were taken this afternoon when Mayor Duncan called together Fire Chief Ogden and the members of the fire committee of city council.

They fixed upon a reasonable speed for fire apparatus and orders went forth to the police to arrest all persons who violate the speed laws in going to fires.

Mayor Duncan said that these orders will be carried out to the latter, otherwise those who violate them will lose their jobs and it will be the duty of the police force to apprehend all private auto owners who exceed the speed limit while going to fires.

BIRTHDAY PARTY

An enjoyable birthday party was given to Miss Celeste Cook at her home in Queen street, last night in honor of her 7th birthday. The house was artistically decorated for the occasion, and the little hostess received many pretty birthday presents. The prizes were awarded to Miss Beulah Cook and Masters Norman Simpson and Whalen J. Ale. Among those present were Misses Beulah Cook, Julia Cook, Dorothy Cook, Elsie Fiest Helen Beach, Emma Emerson, Margaret Ebhardt, Masters Francis Russell, William Russell, Easton Russell, Joseph Beach, Norman Simpson, Dalton Carter, and Whalen J. Ale.

The little guests left at a late hour wishing their hostess many happy birthdays.

Athletic Carnival

To be Staged Wednesday Night in Opera House by Dreadnaughts

A wrestling and boxing carnival will be held at the Opera House Wednesday, March 30, under the auspices of the Dreadnaught Athletic Club. This will be the last show of the season for this club, and judging from the advance sale of tickets a record crowd will be on hand.

Theron R. Hayden and E. R. Allen, promoters of this affair, have collected some of the best talent available in this community, and the crowd can look for a rattling good time at this entertainment.

Earl Cornell, A. E. F. champion at 145 pounds, wil wrestle against Vardi, one of Baltimore's crack mat artists, and a rattling good bout it will be.

Tommy Cockrell, another of Alexandria's crack mat artists, rated as the champion of Alexandria, will be pitted against Cari, another crack mat artist from the Monumental City.

There will be about 30 rounds of boxing, participants ranging from the age of 12 up. The main attraction will be a six round go between Conlon, the pride of Fort Hunt and Frenchy Mallimer, one of Fort Myer's best. Professor Whipp, of Washington, will give the crowd a 20 minutes' lecture on the art of self defense and also a shadow boxing act.

Shorty McCann, touted as one of the best light weight boxers in the Eastern Division, U. S. A., will probably be the third man in the ring to see that everything is run off in first class shape. The receipts of this show will go to the benefit of improving the baseball field, and it is hopeo that everybody will attend

MARRIED LAST NIGHT

The home of Mr. and Mrs. Warren L. Moody, 104 South Columbus street, was the scene of a pretty wedding yesterday evening at six o'clock when, Mrs. Moody's sister, Miss Katherine McCready, became the bride of Mr. Carl W. Keirn.

Evergreens, pines, sweet peas and violets formed a beautiful canopy in the living room, under which the ceremony was held.

Dr. Jno. Lee Alison, pastor of the Second Presbyterian Church, most graceefully administered the marriage vows.

Immediately after the ceremony the wedding party enjoyed a wedding feast after which Mr. and Mrs. Keirn left for points north. Out of town guests attending included Mrs. Broaddus Chewning, Roanoke, Va., Miss Nell Grimsley, Jacksonville, Fla., Mr. C. C. McCready, Charlotte, N. C.

Committee For Erin's Starving Women and Children to Meet Tuesday Night

The committee in charge of the arrangements for the meeting to be held Tuesday night at 8 o'clock in the rooms of the chamber of commerce to complete the plans for an intensive drive for the relief of the suffering women and children of Ireland urgently request all persons interested in this worthy cause, regardless of religious affiliations, to attend and lend their aid by their presence to the movement.

FOR CHINA'S SUFFERING

Dr. W. B. Beauhamp, head of the Centenary Movement of the Methodist Episcopal Church South and one of the leading figures in the religious life of the nation, has been appointed chairman of a special southern committee to act in conjunction with the American Committee for the China Famine Fund in the raising of money for the immediate relief of millions of starving Chinese.

The appointment came through Thomas W. Lamont, chairman of the American Committee, who was asked several months ago by President Wilson to undertake the task of organizing a relief movement to meet the unparalled situation of suffering and death which now exists in the northern provinces of China.

Dr. Beauchamp has called a meeting of the members of his committee in Atlanta on Friday, when plans will be formulated for reaching the people of the south with an urgent appeal for assistance in carrying forward the relief work.

DRIVE TEUTON REDS FROM STRONGHOLD

Security Police Recaptured Eisleben After All Night Battle

NEXT MOVE ON MINES

Strikers And Demonstrations Reported in Several Other Cities—Foreigners Are Blamed

Berlin, March 26.—The backbone of the Communist uprising in Central Germany has broken, after further hard fighting, it is believed here last night. Complete restoration of order throughout the affected area is expected within three days, although strikes and demonstrations are in progress in several cities.

The security police after an all-night battle in Eisleben, where the Reds had gained complete control, succeeded in breaking up all resistance and in driving the Communists out of the city. The immediate plans of the police, who number 800, call for a drive to oust the Reds from the mines west of Eisleben, where armed pickets are maintaining Communists control.

The fighting in Eisleben was exceedingly stubborn. From windows overlooking the streets and from barricades hastily thrown up at crossings, the Communists resisted the advance of the police force. At least seven police were killed and 40 wounded. Between 30 and 40 civilians were killed, but the number of their wounded is not known. The Reds early in the week had taken hostages from among their fellow citizens, then driven all Majority Socialists from the city and made preparations for the defense of the city They had 40 machine guns and between 8,000 and 10,000 rifles that previously had been concealed in mines near the city. The fate of the hostages, among whom was a clergyman, is not known.

The police are planning a concerted drive Sunday or Monday to oust the Reds from control at the great Leuna atmospheric nitrogen factory near Merseburg The Reds, although in the minority there, have terrorized the majority of the workers into submission and are in complete control. The Communists have dismissed the executives at the plant and assert that henceforth they will operate the plant through a committee of workmen.

Halle is in darkness last night as a result of a strike of all gas and electric workers. A similar strike is threatening in Bitterfield, from which source Berlin gets most of its electric power.

An official statement issued in Madgeburg says that foreigners are controlling the unrest movement in Central Germany. This supports the evidence gathered here that these foreigners are Russian agents of the Moscow Government and that they are engaged in a plot to overthrow the Government in this country.

The labor unions in Berlin and other cities have renewed their warnings to members not to follow the Reds in their movement. Meanwhile the Communist newspapers are screaming to Communist workmen to strike in support of the insurrection

TWO DEATHS AT HOSPITAL

Mrs. Martha R. Frammum, forty five years old, wife of James R. Frammum, died last night at the Alexandria Hospital. The deceased lived at 216 North Patrick street. She is survived by her husband and several children. The body was taken to Wheatley's mortuary chapel and will be shipped this afternoon to Baltimore for burial.

Mrs. Percy O. Tillett twenty-one years old, a resident of Barcroft, Arlington county, Va., died last night at the Alexandria Hospital. The body was taken to Wheatley's chapel and prepared for burial. Her funeral will take place Monday from 722 Fourteenth street northwest, Washington.

Reckless Speeding To Fire.

On Thursday night five volunteer firemen came near being killed in an accident to the apparatus upon which they were riding. The apparatus was returning from a call in Fairfax county. Last night an alarm was turned in by the Reliance engine house reporting a fire at the foot of King street. The usual bedlam and chaos ensued, the entire department raced to the heal of King in the opposite direction to the supposed fire. Many private automobiles vied with the fire department in violating all speed and traffic regulations. Upon reaching the head of King street the entire parade turned about and indulged in a speed contest to reach the river. There was no fire and had been no fire. The churches were just letting out and the streets was crowded with automobiles and pedestrians. By the grace of Providence no one was killed or injured.

There is no reason why the drivers of the fire apparatus should respond to fire alarms at a greater speed than 20 miles an hour. At that rate they can reach any point in the city in less than three minutes.

Since the above was written Mayor Duncan has instructed the police to arrest all persons who exceed the speed limit and the Mayor conferred with the fire chief and fire committee and arranged to curb recklessness of fire apparatus.

The Tariff and the South.

Woodrow Wilson once declared that the Republican Party had not given birth to a single new idea for fifty years. Certainly the announcement of that party's program of legislation for the extra session of the Sixty Seventh Congress goes a long way to prove that he was right.

With the whole world still sputtering as a hot caldron that has had some cold water thrown on it, with revolutions and plagues and industrial disorders on every hand, with actual starvation facing tens of millions of people, and with plenty of economic troubles, unemployment and social unrest right in our own land, along comes Old Doctor G. O. P. with the same old quack medicine he has been poisoning our body politic with every time he has been called in as the national physician. Tariff and plenty of it, shaken before used into schedules that will fatten the pocketbooks of northeastern northern and midwestern captains of industry, and place additional taxes on the backs of all the rest of us, that is the single bottle of medicine the Republican Party has in its medicine chest, the same old bottle, dust-covered and blackened with age, the same old bottle of McKinley, Dingley, Payne Aldrich fame we all know so well.

No one need doubt but that when the Republicans in the Sixty-Seventh Congress get through with revising the tariff it will take an airplane ascension for ordinary mortals to see it. They talk of simply re-enacting the Payne-Aldrich Bill, that "best ever tariff" which was so popular in 1912. That course has at least to commend it the saving of a great deal of time and of many, many words. And for all the good it will do, they might as well go back still farther to "normalcy" and resurrect from its unhappy oblivion the McKinley Bill. The tariff bill that will be written in the Sixty-Seventh Congress will be a tariff for politics only, of rising profits for reliable Republicans and no quarter for the consumer.

The South will as usual get the hardest wallop out of tariff revision upward. Largely a raw material producing and agricultural section of the country, it cannot but suffer by the erection of false trade barriers, destroying its markets abroad and placing it at the mercy of monopolists in industry and manufacture at home. It will in addition to all this pay its part of the tax that will come in an increased cost of the commodities of life to its consuming millions. And it will be interesting to observe the expression on the faces of those good people among us who voted the Republican ticket in the last election.

WHO IS TO BLAME?

There must be some lack of method in our fire alarm system.

Else why is it that our fire department responding to alarms, seem to start out from the various houses with no definite section of the city in view. Each one following the vagaries of his own mind, north, east, south, west, until finally they discover there is no fire anywhere.

Of course there will always be "fires and rumors of fires." Now we as citizens are all proud of our "Fire Department," and know there are no better fighters anywhere, but these alarms are injurious to our apparatus and dangerous to the firemen and general public, especially when operated at 40 or 50 miles an hour speed and following, interspersed or leading are dozens of private automobiles, bicycles and baby carriages operated at the same velocity, and in a like helter skelter manner.

Where are our traffic laws? Do we have them? If so why are they not enforced?

In all well governed cities when fire apparatus approaches, all other vehicles are compelled to pull to the right and stop.

This is not intended so much as a criticism as a warning, because if some reform is not inaugurated, a dreadful accident is bound to occur. Then too late will come, regrets and reforms.

J. Fred Birrell.

CAPTURE BIG STILL NEAR WESTHAMPTON

Richmond, March 26.—A 300 gallon still, 40 gallons of whisky, 5,000 gallons of mash and three alleged moonshiners were captured within a few miles of fashionable Westhampton, a suburb of Richmond, by federal officers working under the direction of Samuel R. Brame, federal prohibition supervisor for the southern department, it was announced today.

William Lane and T. P. Tucker, two of the men captured, were held for the April term of federal court by United States Commissioner Flegenheimer. A third man who gave the name of Davis was turned over to the city authorities, he having previously been indicted in the city circuit court on the charge of unlawfully transporting whisky.

The prisoners are alleged to have been conducting their business on a large scale a short distance from the fashionable suburb. A complete camp was discovered, with cooking utensils and foodstuffs. The men were surrounded by the federal agents and had no chance to escape.

CADETS' EYES ON GIRLS, NEGLECT DRILL ORDER

Boston, March 26.—Because the boys of the East Boston High School Cadets were slow to execute the movement "eyes right" when the girls of the school were spectators on the left, Principal Bertram C. Richardson barred the girls from watching drills.

A hundred lads absented themselves from formations, yesterday in protest and the headmaster was waited upon by a committee og girls, who requested that he reconsider the ruling. He declined, on the ground that progress could not be made while the boys in ranks divided thought between dresses and drill.

With the girls out of sight, Principal Richardson thought the boys had a chance to master the manual and gain honors for the school in the prize drill next month.

Mobs in Two States Seek Negroes Held For Murder

Birmingham, Ala., March 26.—Deputy sheriffs armed with shot guns were rushed to Lovick, in the upper part of Jefferson county, this afternoon, to protect a negro said to be in the hands of citizens bent on lynching him for alleged complicity in the killing of J. L. Bourgous and Lacy Murphree last Tuesday.

Nashville, Tenn., 26.—Gallatin this afternoon was threatened with mob violence when a crowd of 200 men, some of them armed, surrounded the county jail there, where it was supposed the three negroes figuring in the double killing at Cottontown, Sumner county, a week ago, were confined. The mob spirit subsided following an appeal from the father of Thomas Mitchell, the Sumner Countain slain, that the law be allowed to take its course.

Debs Resumes Routine Of Federal Prison Life

Atlanta, Ga., March 26.—Eugene V. Debs returned to the Atlanta Federal Penitentiary today to resume the routine of prison life again, after his trip to Washington where he discussed his case with Attorney-General Daugherty.

The Socialist leader, who is serving a ten-year term on conviction of violating the war-time espionage act, was smiling and cheerful as he alighted from the train and in the brief time before he met the warden and was whisked away to the prison he answered every question asked him except those about his conference or his chances for release.

"I appreciated the confidence shown in me by letting me go alone and on my honor to Washington," said Mr. Debs, "and I enjoyed the trip."

2 HELD IN GIRL'S DEATH

Washington, D. C., March 26.—Charged with performing an unprofessional operation, which the police say resulted in the death of a young woman in Washington, D. C., two days ago, Mrs. Mary Glardi, of Seventeth and Fitzwater streets, was held in $1500 bail yesterday, for a further hearing Friday by Magistrate Renshaw in Central Police Albert Whitman, 20 years old, of Second and Delancey streets, who was accused of aiding and abetting in the operation, was held in similar bail.

The police say that Mabel Spence, 24 years old, a government worker, who went to Washington from her home in Dover, O., during the war, just before her death stated that she had been brought to this city by Whitman, who introduced her to Mrs. Glardi.

DEVOE

MARBLE FLOOR FINISH

If you could only see your unvarnished floors *through a microscope—!*

If you could see the millions of tiny holes in which the dirt and germs accumulate—

If you could see how every one of the thousand daily steps wears away the fiber of the wood—(that's what makes scrubbing so hard)—you'd varnish the floor before the day was over.

Devoe Marble Finish is ideal for this purpose. It puts a hard, durable film between the feet and the floor. It fills the pores of the wood, gives it a smooth, glossy surface, easily cleaned with mop and broom.

Devoe Products are time-tested and proven—backed by 168 years' experience of the oldest paint manufacturing concern in the U.S. Founded 1754.

Wholesale Produce Prices Reduced

Washington, March 26.—The marked decline in wholesale produce prices was illustrated by the department of agriculture's bureau of markets in a statement yesterday of comparisons based on reports from 10 leading cities.

Potatoes a year ago were selling wholesale at $5.75 a hundred pounds; now are $1.35; onions, which were $6.25 a hundred pounds a year ago, now are quoted at 70 cents; new cabbage, which was $6.25 a barrel a year ago, now is $3.50 a barrel, and best cold storage apples of standard varieties quoted at $8.75 a barrel last March now sell for $5.50.

Calls on God to Kill Him If He Lied, And Drops Dead

Welch, W. Va., March 26.—"I hope God will strike me dead if I made that statement," declared Mack Dillon, wealthy stockman, as he left the courtroom here, referring to words a witness had attributed to him in trial of a suit. Two hours later Dillon, said to have been hale and hearty at the age of 60, died suddenly.

Dillon was made the defendant in the local court for recovery of $900, the suit growing out of a sale of cattle. His remark was heard by several persons, including attorneys connected with the case.

$200,000,000 Spent by U. S. Women For Easter Finery

New York, March 26.—Easter hats and frocks for the women of America this spring have cost more $200,000,000, and the men have spent almost as much on new suits and ties and things, according to James Gould, retail editor of Women's Wear.

He thinks it has been the greatest Easter buying season in history, and the buying has ben done not only in the fashion centers, but along "main streets" of all small towns.

The buying wave, he says is accounted for by falling prices.

NEAR EAST RELIEF

Richmond, Va., March 26.—Members of Richmond Council, Knights of Columbus, have just contributed $1,548.37 to the Virginia fund of the European Relief Council for the feeding of 3,500,000 starving children in eastern and central Europe. Herbert Hoover is national chairman.

This subscription brings the total for Virginia up to $150,000, leaving $25,000 still unsubscribed. Based on a cost of $10 for caring for a child until the next harvest, Virginia must yet rescue 2,500 children overseas from starvation. The campaign in the State will be continued until the quota is raised, as Virginia is one of the few states which has not subscribed the amount set by the council headed by Mr. Hoover, Franklin K. Lane and other prominent men.

THE FIRST BAPTIST CHURCH

In spite of other attractions in Alexandria last evening, a large crowd gathered at the First Baptist Church to hear Rev. S. W. Cole, and it was a service of real power. Mr. Cole, with a magnetic personality, relies upon nothing but a faithful presentation of the old time gospel. It has been decided to have service tonight in order that there may be no break in the continuity of the meetings. Of course Sunday will be a climax to the series and it is expected that Mr. Cole will speak to the Sunday School as a whole and also to the Baraca Class. The meetings, which are growing in power and effectiveness, have not thus far brought many accessions to the church, but it is felt that there has been a genuine revival in the membership.

GUNS GUARD OIL PLANT THREATENED BY WORKERS

Houston, March 26.—The Humble Oil Company's Baytown refinery was under armed guard yesterday following threats by several hundred unemployed white men that trouble would be started unless the company discharged its Mexican laborers.

About 100 men gathered at the plant but created no disturbance. Orders were given to "shoot the first man who came over the fence."

BOMB FOR PREMIER FAILS

Rome, March 26.—A bomb exploded on the Rome Leghorn Railway last midnight, shortly after a train from Rome on which Premier Giolitti was supposed to be traveling had passed, the Tempo's Leghorn correspondent reports yesterday, adding it is believed an attempt was made to wreck the train.

The premier, it transpired, was on the train following that which passed just before the explosion.

HAD CHARCOAL; FINED $500

Seattle, Wash., March 26.—William Phillips, a rancher of Port Orchard, Washington, was found guilty by a jury in Federal court here yesterday of "having in his possession two cans of charcoal with intent to use them in the manufacture of liquor." He was fined $500.

The jury acquitted Phillips of charges of manufacturing liquor and of having liquor in his possession. The jury was out 23 hours.

"Pussyfoot" Leaves for Home

Hampton, Iowa, March 25.—William E. (Pussyfoot) Johnson, prohibition worker, and Mrs. Johnson, departed yesterday for their home at Westerville, Ohio. Mr. Johnson was confined here by a throat affection which made it necessary for him to cancel his speaking engagements for this month.

COLD MOLASSES BELIES HIS NAME IN "THE COUNTY FAIR"

In the annals of rural and racing plays no equine star of the American stage was ever quite so well beloved as Cold Molasses who carried Neil Burgess and his play "The County Fair" through years of recurring triumphs upon the stage. Now Maurice Tourneur has transferred this fine story to the screen and made it the outstanding hit of the year upon the motion picture roster.

This rare attraction is announced for tonight at the Idle Hour Theater. It comes here with the backing of great hits in New York, Chicago and elsewhere throughout the country where it has been given a world of special exploitation.

The story is a familiar one of a typical New England farm community chuck full of plain people living their simple lives and pouring out for its big climax to the county fair.

President Limits Casual Visitors to Mondays, Wednesdays and Fridays

Washington, March 26.—President Harding half way closed the doors of his office yesterday when he announced a bit wearily at his conference with newspaper correspondents that he had found he could not see everybody who wants to see the President. Hereafter, the harassed Mr. Harding said he can make engagements with callers only on Mondays, Wednesdays and Fridays.

"I don't mind you saying," Mr. Harding volunteered, "that the Executive has made his first capitulation. He has found that he must have some time to do his work." (Papers then were piled high on the Harding desk.)

The President said the restrictions did not apply to members of the Cabinet nor the press. He will meet newspaper men twice a week, Tuesdays and Fridays. Cabinet officers may drop in when they feel like it, but others, members of Congress, job hunters, politicians and tourists—must come only on one of the three days mentioned or when the President sends specifically for them

Pope Greatly Shocked at News Of Death of Cardinal

News of the death of Cardinal Gibbons reached Pope Benedict in Rome yesterday, according to an Associated Press dispatch.

"Both the church and America have lost one of their greatest men," the Pontiff said, on being informed of the Cardinal's death. "The name of Cardinal Gibbons will go down in history."

His Holiness then knelt at the prie dieu and remained a long time in deepest prayer.

The news came as a particular shock to the Pope, for he had just written a letter of congratulation to the Cardinal, having heard he had recovered his health.

From Capital to Minecla In 85 Minutes, Record

New York, March 26.—A De Haviland plane, which covered the course from Washington to Mitchel Field, Mineola, yesterday in 85 minutes, is believed to have established a new time record for the flight. It was piloted by Capt. William Ocker and carried as passenger Richard Wainwright, Assistant Secretary of War.

The best previous record within the memory of those at the field was 90 minutes. Col. H. B. Claggett flew in a D. H.-4 from Washington to the Statue of Liberty in 84 minutes on August 3, 1919. The distance is reckoned at 210 miles. Mineola is about 15 miles farther from the capital.

The De Haviland that Ocker drove was equipped with a 400-horsepower Liberty motor, it left Washington at 2.35 o'clock and landed at 4 o'clock. Flying conditions were reported perfect all along the route. Assistant Secretary Wainwright was a colonel in the A. E. F. He made an inspection on Mitchel Field after alighting, expressed his satisfaction with the conditions of the field and its equipment and declared that the aerdrome should be much enlarged.

CANCER GERMS "FED" RATS

Columbia Scientists Learn How To Inoculate Animals

New York, March 26.—Inoculation or "feeding" of animals with a parasitic irritant obtained from intestines of cats has proved a successful means of cancer reproduction, it was learned yesterday at the George Crocker Cancer Research Laboratory, Columbia University. According to Dr. Francis Carter Wood, director of the laboratory, the disease has been developed in a large number of rats simultaneously. The discovery is considered highly important from a stand point of scientific eperimentation.

Dr. Wood says cancer can be reproduced in about 50 per cent. of the white rats utilized by the laboratory in advanced research work. The failure of the remaining 50 per cent. to develop the disease has convinced him that there is some tissue predisposition which is yet to be explained.

N. Y. Marine Strikers Go Back to Work

New York, March 26.—Marine engineers and officers on ocean-going tugs along the Atlantic Coast, who went on strike yesterday in protest against wage reductions, have returned to work pending conciliation by the Department of Labor. . .

This message was sent to the department last night by Thomas B. Healey, chairman of Marine Engineers' Beneficial Association. He also sent a message to Secretary of Commerce Hoover, thanking him for his intercession. Orders for marine workers to return were dispatched to all affected Atlantic ports by Mr. Healy.

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys over work to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly esepcially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and, thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

MURDERER HIDES; WANTS TO GIVE UP

Chicago, March 26.—"Tommy" O'Connor, murderer of Detective Sergt. O'Neill, is hiding in the city and anxious to surrender to the sheriff. He is in deadly fear of the vengeance of the police, who have orders to kill him on sight and he will not risk a battle with them, or surrender to them if he can manage to surrender to the sheriff before they get him.

An attorney representing O'Connor began negotiations yesterday to this end, but he will have to work rapidly, for the police are drawing the net tighter around the murderer. O'Connor's attorney was making desperate efforts to get in touch with his client and tell him that the squads of riflemen searching for him had instructions to show no quarter.

Application for writs of habeas corpus for the release of O'Connor's father, mother, three brothers, a sister and a brother in law, all of whom are under arrest, were made yesterday.

Meal Ticket Real Inducement To Make Isadora Duncan Dance

Paris, March 24.—"For God's sake don't mix me up in politics. What has happened to poor Paderewki has been enough to warn me to keep off politics. Anyway, I have no politics, no interest in it, no desire to have an interest in it. I am an artist and only an artist, and if the Bolsheviki are willing to give me a school and enough to eat for myself and my pupils I would gladly go to Russia or any where else. Only, unfortunately, neither Moscow nor anywhere else has offered me such a school."

Thus spoke Isadora Duncan today as she denied a report printed in a Paris-American newspaper to the effect that she is about to leave for Moscow, the Bolsheviki Government having offered her a school for 100 pupils there, to teach her idea of the terpsichorean art.

"I hope to found such a school in America, but while the people are interested in it, the wealthy men who might endow it are not." said Miss Duncan.

"I am told that Balcroze is now the method a la mode in America, but M. Balcroze never danced a step in his life, and knows nothing about dancing. I suppose America now prefers foreigners to me, because I am an American."

In a recital a few weeks ago at the Trocadero, Miss Duncan danced some thing which Paris criticized, said it was a revolutionary dance, and by which the papers proclaimed she clearly showed her Bolsheviki sympathies. The dancer appeared garbed completely in red and went through a series of wild and whirling movements which the timid bourgeoise whispered could have originated only with Lenine.

HIGH SCHOOL NOTES

The play, "Miss Hobbs," was presented last Thursday, Friday and Saturday. It proved to be a success, both financially and with the audience. Some have reported that it was as good as has been presented by High School talent in this city. We are especially proud of this fact, because it is the first play that has been given without the assistance of a professional coach. The Seniors realized a goodly sum from this production, of which Mr. Haydon received $175.00 toward the Stadium Fund.

It is reported that work upon the field will be resumed in the coming week, and that the field will be completed prior to the 15th of April. The High School students have many people to thank for this move, and are truly grateful to all who have aided in this work.

The girls' basketball team went to Washington Wednesday night and played the George Washington Reserves. They added another to their long line of victories, although playing with two substitutes on the line up, they defeated the Washington team easily. Miss Dreifus at forward played an excellent game scoring six baskets. Final score, 21 to 16.

This was the last game of the season and a summary will follow next week.

Thursday night the Juniors gave a "Variety Show" at the Young Peoples' Building. A good crowd was present despite the rain. The show was a success. The singing of Pettit and the "Baby Show" were the two best on the bill. The 7th grade girls gave a dumb bell drill, which was excellent.

Track practice was started this week and Coach Haydon says there is some promising material.

Don't forget "Dick" and his "Last Lap" when school opens Tuesday.

Charles "Mike" Honston.

Ford

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of low business is not obtained. Therefore, present prices of Ford products can not be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
